PROJECT EXPERIENCE

Aftertaste

Apr 2025 – Present

Art Lead

Los Angeles, CA

- Led a 13-member art team within a 50-person production; managed art development and team operations.
- Created and maintained the art style guide, unifying visual standards for characters, environments, UI, and animations.
- Managed production workflow: scheduled weekly tasks, tracked progress, and ensured all milestones were met on time.
- Built an asset review pipeline covering 3D models, textures, UI components, and animations to ensure cross-module consistency.
- Facilitated intensive cross-team communication between design, directing, and engineering to resolve blockers and drive collaboration.

InSync

Sep 2024 – May 2025

Art Lead

Los Angeles, CA

- Directed concept art and key visual design, establishing the overall aesthetic identity and tone.
- Led art reviews and style oversight to ensure visual consistency across installation and interactive elements.
- Collaborated closely with engineers to translate artistic intent into interactive logic in the live experience.
- Researched cutting-edge art tools and real-time rendering techniques to inform technical and production pipelines.

How to Pet Your Cat

Jan 2025 – Jun 2025

Art Direction

Los Angeles, CA

- Led overall visual style and UI design for the game and interactive experience, ensuring consistency across all 2D assets, animations, and interfaces.
- Managed exhibition visuals including GDC 2025 booth layout, wayfinding systems, and all media touchpoints.

Alibi

Jan 2025 – Jun 2025

Art Direction

Los Angeles, CA

- Refined existing art assets to elevate overall visual quality within tight time and resource constraints.
- Reviewed character art, environment art, UI, typography, and marketing materials to ensure stylistic cohesion.
- Assigned tasks and delivery schedules based on team members' strengths to meet key milestones.
- Built a QA pipeline using Figma component libraries and versioned 2D/UI assets to improve consistency and handoff efficiency.

EDUCATION

University of Southern California

May 2027

BEA, Game Art Major, Computer Science Minor, Visual Narrative Art Minor

Los Angeles, CA

- **GPA: 3.8/4.0**
